

Health and Safety Policy Statement

The Proprietors of Deepdene School are fully aware of their responsibilities under the Health and Safety at Work Act 1974 and other Health and Safety legislation relevant to the School's operation. In order to meet these responsibilities, they regard Health and Safety of paramount importance and give it the highest priority.

The objective of the Health and Safety Policy is to minimise risks to Health and Safety of the Pupils, Staff and others affected by the School's activities, by identifying and then controlling hazards.

The Proprietors, assisted by the Health and Safety Officer, will provide a positive lead in organising Health and Safety activities, using the best available knowledge and methods and whatever resources are necessary to achieve the required standards.

Accident prevention is essential for the smooth and efficient running of the School requiring full co-operation between all concerned.

Staff are under a legal obligation to co-operate fully in Health and Safety matters by ensuring that all areas are safe for themselves and others. They are also required to act in a safe way themselves, use protective equipment provided, follow the Health and Safety Rules, Regulations and Requirements and report any hazardous conditions to the Business Manager or Headteacher.
